

Installation Instructions For

Signs

Fire Extinguisher BR5 Tri-Mount

Ecoglo exit signs are to be installed only where there will be sufficient natural or artificial light to keep them charged whenever the building is occupied.

If unsure, contact Ecoglo

Installation Instructions for Signs

Fire Extinguisher BR5 Tri-Mount

1. Positioning of Signs

- Mark position on the wall where sign is to be placed.
Note: Sign should be mounted directly above fire extinguisher and in a position where it will not be obscured from view.

2. Placement of Signs

- Line the sign up with the markings you made.
- Using the fixers provided screw the sign to the wall.
- Use plastic anchors where necessary.

3. Maintenance of Signs

- Regular dusting with a soft cloth or brush is recommended to keep the sign clean.
- If the sign is noticeably dirty, clean with a sponge or cloth.

See Maintenance and Cleaning Instructions for more detailed information.
